Date: February 9, 2026

Bill Title: Relating to the facilitation of projects.

Government Unit(s) Affected: Housing and Community Services Department, Oregon Watershed Enhancement Board, Oregon Business Development Department, Department of Energy

Summary of Fiscal Impact:

This fiscal impact statement is for the purpose of transmitting the measure from the Senate Committee on Energy and Environment to the Joint Committee on Ways and Means.

The measure directs the Department of Energy to seek grant funding of at least \$2 million and, upon securing sufficient funding, to convene a founding board and carry out pre-startup activities to establish a nonprofit entity to finance clean energy and resilience projects. The founding board includes representatives from the Department of Energy, the Oregon Business Development Department, the Housing and Community Services Department, and nongovernmental organizations. The nonprofit entity may receive public and private capital and must report annually to the Legislative Assembly.

A more complete fiscal analysis on the measure will be prepared as the measure is considered in the next committee.
