Date: February 12, 2026

Bill Title: Relating to fuel storage sites.

Government Unit(s) Affected: Department of Energy

Summary of Fiscal Impact:

This fiscal impact statement is for the purpose of transmitting the measure from the House Committee on Emergency Management and Veterans to the Joint Committee on Ways and Means.

The measure directs the Oregon Department of Energy (ODOE) to evaluate and prioritize sites for geographically dispersed emergency fuel storage based on seismic risk, hazard exposure, transportation access and consistency with the 2024 Oregon Energy Security Plan. No later than June 15, 2027, ODOE must submit preliminary findings to the committees of the Legislative Assembly related to energy and emergency management, and final findings must be included in the department's report due September 15, 2028. The measure appropriates \$250,000 General Fund to ODOE in the 2025-27 biennium to carry out this work.

A more complete fiscal analysis on the measure will be prepared as the measure is considered in the next committee.
