The Oregon Liquor and Cannabis Commission (OLCC) oversees access to cannabis products in the state. OLCC regulates recreational cannabis retailer and lab licensing, packaging, and labeling of marijuana and hemp products in the OLCC-licensed marijuana marketplace. [Oregon Revised Statutes Chapter 475C](#) regulates cannabis products, including the labeling, potency testing, zoning limitations for licensees, and packaging requirements. Senate Bill 1548 A creates new requirements and prohibitions for the potency and packaging of cannabinoid products sold after January 1, 2027.
