Summary of Revenue Changes

House Bill 4062 provides \$350,000 Lottery Funds to the Oregon Business Development Department (OBDD) to evaluate all programs administered by the department, create uniformity across application requirements to the extent possible, and make recommendations for program consolidation, elimination, annexation or transfer.

Summary of Transportation and Economic Development Subcommittee Action

House Bill 4062 directs OBDD, in the course of developing the department’s 2027-29 budget, evaluate all programs administered by the department, based on certain criteria, and make applications, to the extent possible, uniform across all programs. The review should include recommendations regarding program consolidation, elimination, annexation of similar programs administered by other state agencies, and separation of specific functions or divisions from OBDD into other state agencies or establishing other stand-alone entities for the administration of programs for economic development-related functions.

The Subcommittee recommended Lottery Funds one-time expenditure limitation in the amount of \$350,000. Of this amount, \$250,000 is for professional consulting services for program evaluation and recommendations, and \$100,000 is for Services and Supplies for anticipated legal fees and information technology costs related to reviewing and revising applications across the agency. This work is anticipated to be completed by June 30, 2027.
