

Submitter: Bill Vivian  
On Behalf Of:  
Committee: House Committee On Health Care  
Measure, Appointment or Topic: HB4048

I strongly support HB 4048 to expand the rural health care income tax credit to include pharmacist services performed in rural communities. Oregon state has a large land mass with much of its population remote from medical care or even specialty care. These rural communities farm and ranch and harvest timber in dangerous roles which puts them at extra risk to health issues and accidents. They need legislator's support in their medical medicine access which does not place extra financial burden upon the local pharmacist to provide date sensitivity products. Again I strongly support HB 4048.
