Measure, Appointment or Topic: HB4125

Dear Chair Nathanson, Vice Chairs Reschke and Walters and members of the House Revenue Committee,

I am an Oregon voter in the St. Johns neighborhood of Portland. I want to urge you to support HB 4125 to modernize the Kicker. Please vote to move it forward!

The Revenue Forecast Modernization Act (HB 4125) is a solid government measure to create more accurate revenue predictions and thus a more stable state budget. We need more revenue in order to fulfill basic and foundational social promises of quality public education, access to housing and food security, and social services and medical care. It will take **more** than passing HB 4125 to generate the necessary revenue, but it is a step in the right direction.

I will be paying close attention to the elected officials who support HB 4125 for election season. I will not look favorably on officials who do not support this step in the right direction.

Taxpayers don't count on the kicker, they've already paid the kicker, and the kicker is not a meaningful or predictable addition to their incomes. It's **NEGLIGENT** not to develop other revenue streams with all of the federal cuts. We need state revenue for: healthcare, education, housing, disability services, climate mitigation, infrastructure, transportation - including buses, walking, and bikes. These services are what make Oregon a great place to live and contribute to a thriving society. Revenue from the kicker is a key part of the funding that makes this possible.
