SB1507

Stop taking our money. The state gets enough taxes. What needs to happen is budget your current tax load, get rid of the waste, fraud, and abuse. Stop giving taxpayer money to people here illegally and I'm sure that the government of Oregon will find that they are taking advantage of their constituents. My small construction company has taken so many hits since Biden administration took office. We can no longer afford employees, we have minimal insurance coverage, had to sell investments, drained our savings, forced to pull kids out of school due to the lack of real education.. sales tax or any more taxes in general could very well force us out of our home state.
