Measure, Appointment or Topic: HB4098

Attention to the House Committee On Commerce and Consumer Protection. Oregon is the seventh most expensive state in the U.S. Taxes, regulations, and housing costs make everything more expensive. Many longstanding companies have closed recently due to regulations and high taxes. Why aren't you trying to figure out what you did to Oregon, because Oregon in 2016 was the second most attractive state to live in! Insurance in Oregon is already heavily regulated, which is why outdoor tourism organizations gave up and left Oregon over a spike in insurance costs. It's time our Oregon Government Wakes Up. TAXACTION IS NOT THE ANSWER!

I would tell all Oregonians to vote NO on HB 4098.
