Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

This bill gives unchecked authority to unelected officials, severely impacting the ability of Oregonians to freely make medical decisions individually with their doctors. I want to protect medical freedom and doctors' ability to make patient-specific medical decisions. This bill would result in automatic mandates for school attendance and forced compliance with statewide medical orders. I oppose SB1598 and ask that others join me in opposition to this bill.
