

Submitter:	Louis Provencher
On Behalf Of:	Self
Committee:	Senate Committee On Judiciary
Measure, Appointment or Topic:	SB1545

Oregon Legislators,

I am requesting that you all support SB 1545 during this short session. In Oregon there are several partials of public lands where accessibility is either land locked or extremely difficult to access by the public. Taxpayer funds have contributed to the management and restoration of these areas. Only the few adjacent landowners are provided the benefits and access to these lands and in many cases are treated as private property,

It is past time for this access issue to be resolved so, once again I ask that you support SB 1545.

Sincerely,  
Louis E Provencher
