SB1598

I am 100% against SB1598. As an individual, I get to make medical decisions for me and my family, not the State. Along with my doctors, I will make the best health care decisions for my family and me. When decision-making is centralized to the State and accountability is eliminated, parental choice, medical discretion, and informed choice are weakened and in some instances eliminated. SB1598 Is concerning and unacceptable to me and my family.
