SJR203

I oppose this measure. We have protesters such as Antifa who hide their faces to keep from being recognized.

Our officers are trying to keep the peace. I am sure they would just as soon not be wearing masks either but they need to protect themselves and their families.

Unmasking them puts their safety at risk for doing their job. It seems this is just another way that Oregon is supporting the criminals and demonizing law enforcement.

I oppose this measure and hope that you will too.
