

Submitter: Jennifer McCarl

On Behalf Of:

Committee: Senate Committee On Commerce and General Government

Measure, Appointment or SB1593  
Topic:

Skiing until 70 has been a life goal of mine. Snow sports bring our family so much health and joy! As my children have grown to young adults we have all accepted the risks we take when engaging in snow sports. Timberline is about community, health and team work. Everyone there works to keep each other safe.
