

Submitter: Ian McPhail  
On Behalf Of:  
Committee: Senate Committee On Commerce and General Government  
Measure, Appointment or SB1593  
Topic:

It is actually insane that Oregon has not up held liability wavers for over 10 years. Allowing people to sue companies for any reason they see fit is crazy. It should be common sense that when a person is doing an extreme sport they are liable for themselves and their decisions not the company that is allowing them access to do so. Please fix this now
