

Submitter: Linda Burroughs
On Behalf Of: HB4105
Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water
Measure, Appointment or Topic: HB4105

I support logging in Oregon. For years, the activists have hampered efforts to thin the forests. They are unhealthy and overgrown. Logging helps to keep the undergrowth and the diseased trees from becoming fodder for the next inevitable wildfire. We need the jobs and to keep our mills operating. Our forests give lumber to communities across the country who do not have trees to use for building. We have the renewable resources, we just need to use them.
