

Submitter: Lori Neal  
On Behalf Of:  
Committee: Senate Committee On Commerce and General Government  
Measure, Appointment or SB1593  
Topic:

Our recreation community needs help!! The skyrocketing cost of insurance will make it difficult for businesses to survive. I remember a few years ago a young lady died after skiing into a tree. The family sued, trying to place blame on anyone they could, instead of recognizing it was an unfortunate accident. It costs money to defend these unnecessary lawsuits. The price of ski resort lift tickets have skyrocketed due to insurance costs. As a former ski patroller I can no longer afford the lift tickets. Please help our mountain communities survive, vote yes! Thank you, Lori Neal
