House Committee On Revenue

Measure, Appointment or Topic:

HB4148

Manzanitas tax base is limited and lodging taxes are a crucial part of the cities budget. Necessary city services to accommodate an ever increasing number of visitors are continually rising in cost and freeing up the tax revenue to support these services is fair, practical and a life line to not only Manzanita but other small cities with the same problem.

Passing this bill is the right thing to do for the right reason.
