Measure, Appointment or HB4153
Topic:

This is an unredeemable bill and should be stopped. You can't have it both ways, you can't love the charm of Hood River County's farming and agriculture and sell it out to land use chaos that serves big money and valueless self serving commercial interests. Common decency and intelligence should and would suggest otherwise. Face the facts, this is only on the table because of the greed of a few. The many have already made what Hood River County is today, and that's why people want to be here to live or visit. Shut this down
