

Submitter: Caitlin Pederson  
On Behalf Of:  
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4153  
Topic:

This bill will jeopardize the farmers who live and work in the systems already in place and put them at an unfair advantage to compete with bigger scale industries. Land use change of this scale should be more carefully studied and considered as its lasting impact would be huge on our community. I do not support this bill and I urge all those with power to oppose this.

Thank you,  
Caitlin
