Co-Chairs Helm and Owens, Vice-Chair Finger McDonald, and members of the House Committee on Agriculture, Land Use, Natural Resources, and Water:

My Name is Bryan Allan and I am a farmer in Gales Creek, OR. I am writing to you today to express my opposition to HB 4153. Farm stands are a vital part of connecting the public with our food system and building an understanding of what it takes to go from field to fork. But HB 4153 would restrict who is allowed to have a farm stand, replace current definitions with Farm Stores, and give large land owners privileges at the expense of small farm stands in Oregon. We need to find a better solution.

I care about because I operated a farm stand that would not meet the acreage requirements in section 2.2 of the bill.

Small farms need to have the same opportunities to sell their produce as larger farms.

Small farms, regardless of acreage are vital parts of rural affordability.

This creates a system that favors large landowners instead of using income or other factors. Why should a dry farm in eastern Oregon that produces little value per acre, but is larger, be favored over a small u-pick berry operation in the willamette valley?

Why should large acreage farmers gain privileges at the expense of smaller acre farmers? Why should dry farms in eastern Oregon be favored over small, high value berry farms in the willamette valley?

We are asking you to not have a higher burden on the smallest farms. This bill takes away opportunities from small land holders and farms in order for larger operations to be able to host more events. This is not a good bargain for Oregon and a better deal must be found.

Thank you,

Bryan Allan
