Measure, Appointment or
Topic: HB4153

Our small, rural, coastal community doesn't have a lot of income during the winter months when tourists are not traveling here. Our local farmers rely on their farm stands and their small crops that they provide to our communities to keep themselves afloat during this time of year. On top of that, as consumers, we need their farms to get fresh products when our highway gets shut down because it's falling apart and sliding off the mountain and products can't be brought to us. Please vote AGAINST this bill that will shut down our community resources.
