Measure, Appointment or Topic: HB4113

Wow, here we go again. An accommodation for a wealthy land owner. As a small farmer on less than 19 acres, we have done right by the land for 35 years. We don't make a decision that we don't think about what is best for our property, the environment and our community. But here is someone wealthy enough to have options, asking to be accommodated to maximize their return. Honestly, it gets old, and we grow weary.
