Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1570

Every individual in an Oregon healthcare facility, whether in custody or not, should receive appropriate healthcare without interference from law enforcement agents. Caregivers should not need to contend with interference from any law enforcement agent while providing care.

Please incorporate clear rules into SB 1570 that protect a patient's right to appropriate care, a patient's privacy, and allow caregivers to provide care unimpeded by law enforcement.
