Measure, Appointment or Topic: SB1588

Honorable Chair Senator Sollman and Members of the Senate Committee on Energy and Environment.

Thank you for the opportunity to testify in favor of SB 1588 that expands access to homeowner energy efficiency upgrades and pays for the upgrades with energy savings. This is such a smart bill. It focuses on helping under-served, low-income and environmental justice communities take advantage of the opportunity for reducing energy costs and to do so in a way that encourages the adoption of, and investment in, green technologies.

I urge you to vote in favor of SB 1588.

Thank you.
Nancy Mills
