

Submitter:

Terri Desaro

On Behalf Of:

Committee:

House Committee On Revenue

Measure, Appointment or Topic:

HB4148

To my Legislative Representatives,

I am writing in support of HB4148 to allow local governments to have more control over much needed tax revenues from STRs. Our infrastructure and first responders are being stressed by increased tourism. We don't need more money spent on tourism. We now need to deal with the consequences.

Thank you for your support of this bill.
