

Submitter: Nancy Hiser  
On Behalf Of: Tank Fsm Safety Linnton NA  
Committee: House Committee On Emergency Management and Veterans  
Measure, Appointment or Topic: HB4100

To: House Committee on Emergency Management & Veterans,

We strongly support HB4100:

Economically, the state cannot risk a disaster that will fall to it and the taxpayers.

Local government is not able to regulate this policy.

The oil facilities must assume their responsibility to do business in locations that bring great public risk.

The public has lobbied for years for this measure and does not want to bear the burden any longer while the seismic clock continues to click..

At a time when finances are so dire and will preclude much important legislation, this bill has power to make significant changes, encouraging facilities to mitigate risks.

Thank you.

Sincerely,

Nancy & Dean Hiser
