Measure, Appointment or HB4153  
Topic:

As a farmer in Douglas County I strongly oppose HB4153. This bill appears to be our elected representatives attempt to impose regulations on small farmers that adds costs to farm operations and lands on the backs of small farmers. Lawmakers concerned with their waning revenues need to look to ways to either make government programs more efficient and productive or redirect program money that will not create or impact negatively small farmers, the backbone of Oregonians.
