Measure, Appointment or
Topic:

HB4105

I oppose because: This would create additional pressure on the Oregon Department of Forestry (ODF) to increase harvest levels at the expense of natural resource values cherished by Oregonians.

It would Upset the balanced management on state forests by elevating logging over other values. By establishing a mandatory harvest rule, the bill would elevate logging over clean air and water, fish and wildlife habitat, carbon storage and recreation. It would limit the state forester's and the Board of Forestry's ability to protect public resources and prevent the ODF from implementing its Climate Change and Carbon Plan. The bill would only require consideration, not compliance, with the Habitat Conservation Plan and other policies that protect clean water, fish and wildlife habitat and carbon capture.
