HB4105

Dear Co-Chairs Helm and Owens, and Members of the Committee,

I oppose House Bill 4105 and its amendments. This bill will damage critical habitat for salmon, birds and other wildlife. It usurps our collective ownership of these lands and sells them off to corporate ghouls instead of preserving them for future generations. Passing this bill would prove just how myopic our leadership has become, preferring short-term gains over the long-term health and accessibility of our forests.

Oppose this bill and focus on measures that would instead preserve and enrich our state forests and safeguard the lands we share.

Do not let this bill pass out of committee.

Sincerely,

Robert Bosch
