Measure, Appointment or Topic: HB4113

Chair Marsh, Vice-Chairs Breese Iverson and Andersen, and Committee members:

I am writing today to ask you to oppose HB 4113.

As a member of the human species who shares planet earth with all of life, I would like to stress the urgent need to put a halt on further expansion of our built environment and protect our natural landscape. As an Oregonian, I value the land use and conservation principles that help keep our state healthy environmentally and economically. Upholding our land use system is key to both.

This bill would benefit one private stakeholder at the expense of our rural lands and sensible land use planning. With so many other important priorities in front of you, I hope you will quickly reject HB 4113.
