Committee: House Committee On Housing and Homelessness
Measure, Appointment or Topic: HB4113
Chair Marsh, Vice-Chairs Breese Iverson and Andersen, and Committee members:
Please oppose HB 4113.

We need every square foot of healthy ecosystem we can preserve. There are other areas all over the state where further development/remediation would not cause irreversible devestation to the forest and watershed.

This bill would primarily benefit one private stakeholder at the expense of the land use system people with foresight worked hard to establish.

I hope you will firmly reject HB 4113, and maintain the legacy of long-term ecological strategy for Oregon's natural health and human resident well-being.

Sincerely,

Elizabeth
