

Submitter: Margaret Haldane  
On Behalf Of: Oregon forests and wildlife and citizens  
Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB4105

Countless fires, landslides and incidences of species loss have resulted from clear cutting or inappropriate harvesting , which have continued beyond implementation of the Northwest Forest Plan of the Clinton era. Effprts need to go toward further restriction and/or enforcement to prevent continuation degradation of the environment, which sustains all life on Earth. I vehemently oppose HB4105 for the sake of my granchildren and generations beyond.
