

Submitter: BHUPENDRA PATEL

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB4148

This is very unjustified to Hotel-Motel industry to raise the transient lodging tax because hotels is creating lots of jobs and revenues for cities to manage their budgets. Even the hotels facing unusual and challenging tasks everyday in this economic downturn and always ready to take action for any situation. I urge to the Oregon State Legislature to take positive action in favor of the hotel industry and let's grow the economy to a new era working together. Thank you for making the hotel industry more welcoming and supportive.
