Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water  
Measure, Appointment or Topic: HB4006

Best managing water resources for all users requires flexibility. The more than 40,000 Oregonians living in the greater Hermiston area would benefit greatly from the flexibility afforded through HB4006. This flexibility factors heavily in to our new Master Plan for the City of Hermiston/Port of Umatilla Regional Water System. I am excited about the economic and environmental benefits that this can help unlock.

Sincerely,

Mark Morgan
