Committee:

House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or

HB4105

Topic:

The wildlife of Oregon deserve better. In fact, the people of Oregon deserve better. We need to continue to protect our state forests for all who use them. We need to protect the quality of the water that we get from these forests. We all do better when our environment does better. No more clearcuts, no more changes to degrade our public forests.
