Measure, Appointment or Topic: HB4105

Oppose weakening protections of public lands and forests. Clear Cutting inflicts long term damages not compensated by sales of timber. leaving an environmental burden and debt for generations to come. Don't be fooled or deceived by these rationalizations for the exploitation of public lands as resources and short term benefit, as opposed to being the valued heritage and public treasures benefiting generations to come in countless ways. It is your responsibility to save these public lands and forests for future generations.
