

Submitter:

Susan Wilcenski

On Behalf Of:

Committee:

House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or

HB4105

Topic:

the timber industry is working to undermine any progress made to protect clean water, salmon and wildlife habitat, and safe drinking water for the half-million Oregonians who rely on state forest watersheds. This bill should be opposed and not go through! Try recycling, there is just as much construction debris, paper and cardboard to be recycled as is trees in the forest!
