

Submitter: Edward mcguire  
On Behalf Of: Dunes City OR  
Committee: Senate Committee On Commerce and General Government  
Measure, Appointment or SB1585  
Topic:

Dunes City is a small coastal community. The City does not have a property tax, we rely on the share of transient room tax, fuel tax and sales tax to operate or community. Transient room tax flexibility would be a huge win for Dunes City. We have 27 permitted short term rentals, visitors are the bulk of the City's business. We have a PT code enforcement employee and spend 100% of out fuel tax allocation every year on spot repairs. A bit of flexibility would help immensely.

Sincerely Mayor Ed McGuire
