On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1571

To the Committee:

Nicotine pouches are highly addictive, yet there are no prohibitions on selling them to minors. Nicotine pouches are unregulated, in other words. This bill corrects that loophole. Oregon already has more than its fair share of addicts without adding young nicotine addicts to that number.

Please support this excellent bill!

Sincerely,

William Burt, M.S.
