HB4148

I am opposed to HB 4148. As a small restaurant owner with 14 employees, we struggle as it is to remain profitable, to pay competitive wages; our employees struggle making ends meet even though they work hard. Adding another tax that deters customers from our business will be detrimental to us as a business, our employees, and our customers. It seems the state is only interested in raising taxes vs. identifying ways to better manage the revenue they already have. Please do not increase taxes and make it even more challenging for small businesses and their employees to survive.
