Measure, Appointment or
Topic: HB4105

Our state forests are multi use and must be managed that way. HB 4105 would guarantee that we have more clearcut logging in our state forests. Other uses for our state forests include; clean drinking water, wildlife habitat, recreation, tourism and carbon sequestration, among many others. Clearcutting takes away all other uses. To me, this is not acceptable!

As a Native Oregonian and lifelong resident, I ask for your NO vote on HB 4105.
Thank you.
