

Submitter: Debra Atlas  
On Behalf Of:  
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4105  
Topic:

It is vital that House Bill 4105 be thwarted. Its passage would mean prioritizing clearcut timber harvesting at the expense of all other values—values like clean water, fish and wildlife, recreation, and carbon absorption and storage. This would be devastating to the health of our already fragile forests and the wildlife that depends on them.

Please take appropriate action to see that this bill does NOT pass!

Thank you.
