

Submitter: Laurie Moses  
On Behalf Of:  
Committee: Senate Committee On Energy and Environment  
Measure, Appointment or Topic: SB1582

Honorable Chair Senator Sollman and Members of the Senate Committee on Energy and Environment,

This bill proposes a practical solution by linking the grid to energy production distributed across existing customer owned homes and businesses. If the bill becomes law, the grid could tap customer energy storage systems at peak demand.

Please move this bill forward so we can get a law out of it.

Thank you,

Laurie Moses
