

Submitter: Jim Gilbert  
On Behalf Of:  
Committee: Senate Committee On Housing and Development  
Measure, Appointment or Topic: SB1578

Farm and Ranch Land should be for Farming and Ranching! Housing should be inside the Urband Growth Bounday. Oregon's natural population is dropping. More people are dying than being born. We don't need subdivisions on our agricultural land, which is a state resource and has fed us for more than 150 years. Senat Bill 100 established an orderly way of planning for needed housing and keeping it inside the UGB. Please continue to protect this natural resource and keep Oregon a great place to live, work, farm and ranch.

Thank you,
