Measure, Appointment or Topic: SB1582

Honorable Chair Senator Sollman and Members of the Senate Committee on Energy and Environment,

Thank you for the opportunity to testify in favor of SB 1582.

As someone who has installed their own solar energy panels and other home energy upgrades, I think linking the grid to energy production distributed across existing customer-owned homes and businesses makes sense. It is important for electric companies to be as nimble and efficient as possible in the face of variable and increasing demand.

I urge you vote in favor of SB 1582.

Thank you,

Alida Rol
