Committee: Senate Committee On Health Care  
Measure, Appointment or Topic: SB1504  
Chair Patterson, Vice-chair Hayden, and members of the Senate Committee on Healthcare,

I am writing in Support of SB1504. As a Registered Nurse who works in the school setting we are now seeing parents providing school with Neffy, intranasal epinephrine.

Updating Oregon Statue to reflect the changing field of epinephrine emergency medications will provide for more efficient accepting of emergency medication in the school setting.

Thank you for your consideration of this important legislation.
