

Submitter: Alexandra Engelhardt  
On Behalf Of:  
Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water  
Measure, Appointment or HB4105  
Topic:

Dear Co-Chairs Helm and Owens, and Members of the Committee,

I oppose House Bill 4105 and its amendments.

The vitality of our wildlife is directly correlated to how well our state economy does and how healthy the people who live here are. Please consider the people you are serving over the profit of big business. We will not need more money when we are struggling to breathe clean air, we will need more trees.

This bill undermines the state forest habitat conservation plan and would result in more clearcuts, more lawsuits, less habitat for salmon and wildlife, and less carbon storage.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Please don't let this bill pass out of committee.

Sincerely,  
Alex Engelhardt
