Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB1582

Honorable Chair Senator Sollman and Members of the Senate Committee on Energy and Environment.

Thank you for your service. Thank you, as well for the opportunity to testify in support of SB 1582.

I support this bill because it fosters: grid stability and efficiency, an acceleration of a decarbonized modernized electric grid, and potentially lowered long-term infrastructure costs through structured ways for utilities to manage peak demand.

I urge you vote in favor of SB 1582.

Gratefully,  
Denise Jessup
