Measure, Appointment or Topic: SB1578

Dear Legislators,

Thank you for working on behalf of Oregonians. I strongly urge you to oppose this measure, which is another way to circumvent Oregon's land use laws and work against rural and urban Oregonians.

Urban level development belongs in urban areas where transit bicycling and walking are all possible to create lively and healthy communities. We certainly need more housing in those urban areas and in our central districts of rural towns but sprawling over farmland doesn't solve problems. It just creates new ones. Please oppose this bill thank you so much.Diane
