Measure, Appointment or HB4105  
Topic:

Dear Legislators,

Please vote no on this unnecessary bill. The Oregon already has a good balanced forest management plan. We do not need a new bill that gives large out of state corporations license to harvest even more timber. Our local forests provide clean air, water, ecosystem services and recreational opportunities for all. Our forests sequester carbon and need protection so future generations may enjoy their birthright of bountiful ecosystems.

Sincerely,  
Susan Murbach
